

A Note to Parents on NCCU's Youth Savings Accounts

Creating budgets and making plans to achieve personal finance goals are common practices for many parents. However, some may overlook the opportunity to include their children in conversations about responsible spending and saving. It's never too early to get your child on the path toward a sound financial future. NCCU has three special youth savings accounts to start your children to save. They can earn rewards, have fun while saving, enter drawings to win some great prizes, and enjoy free community events for kids.
